

1419 Fairview

Orangewood model Heritage Home! This is not a manufactured home, but rather a “pre-built” home that was constructed to the same quality, and of the same materials, as a conventional frame built home. Built to be energy-efficient, this home has 1,456 square feet of living space, with three bedrooms and two bathrooms. Built on a full basement, this home has a single car garage with room for expanded living space or as a small in-house workshop. The spacious living room looks to the north with grand views of Ramshorn Peak. You’ll love the attention to detail with rounded corners and textured walls; this home is truly well made and comes with a 10-year structural warranty. You better hurry before this one is gone! #1067

Offered at \$195,000
